OLD BUSINESS: New card tables have arrived and are being used.

NEW BUSINESS: Discussion of clean up of Hall after activities was discussed. It was determined that the Hall should be put back the way you found it before leaving after the activity. There is always someone using the Hall after each event and they should not have to put things back so they can proceed with their activity. No more waiting till the next morning to put Hall back as you found it.

After a Dinner Dance clean your table before you leave. What you brought with you take it home with you. There is a plastic bag supplied on your table to dispose of all waste. Please use it.

Long discussion held pertaining to Hall finishing theme. Majority of attending residents would like to see it finished in Casual Florida Tropical with wall accessories. Helen Petty will recommend to the Board of Directors that we move in that direction.

Discussion of staying with entertainers until they have finished packing up and leave was held. Residents didn't see a need to stay until they leave, just as long as they turned the lights off. when they left..
